

Reuse to the Rescue

Learning Objectives

- I can describe ways to reuse items and materials in the classroom. [K.2.r]

Teacher Notes

- Students will be shown items or materials typically found in a classroom. They will be asked to describe ways in which they could be reused. Pause the video as needed to allow student responses.

Lesson Steps: Video Outline

https://youtu.be/j_XFVZeJQzA

Step 1 Introduction

- Name something you can find in a classroom and describe a way it could be reused.

Step 2 Activity

- Students will be shown items or materials typically found in a classroom. They will be asked to describe ways in which they could be reused.

Step 3 Closure

- Name something you can find in a classroom and describe a way it could be reused and why that is important.

Assessments

- Pre-Assessment: Call and Response (Name something you can find in a classroom and describe a way it could be reused.)
- Post-Assessment: Call and Response (Name something you can find in a classroom and describe a way it could be reused and why that is important.)

Extensions/Connections/Applications

- This can be connected to K.3.r, where students share the importance of reusing items.
